President Falconer,  
University of Toronto,  
Toronto, Canada.

Dear Sir:

I have been thinking seriously of leaving the teaching profession for a while and engaging in graduate work in Political Science. It has occurred to me that it might prove profitable to do such work in a Canadian University; but this will hardly be practicable unless I can obtain a fellowship or scholarship.

Kindly inform me, at your convenience, what steps it will be necessary for me to take in order to apply for a fellowship or scholarship at the University of Toronto in Political Science?

Very truly yours,

*Frederick W. Richmond*

Geddes W. Rutherford, Esq.,  
201 Broad Street,  
Warrensburg, Miss.

Dear Mr. Rutherford:

I regret to say that we have no Fellowship in Political Science that we could offer you for the continuation of your graduate work in the University of Toronto. The Fellowships that we have are awarded to those who have taken the undergraduate work in this department in the University itself.

With kind regards, I am,

Yours sincerely,

President.
